

LCD Device

A Simple Device for All Users

This easy-to-use response device offers a simple design to make participation a breeze. Allow students to answer polling questions with a click of a button. The simple design supports added engagement and no learning curve for students.

Simplicity at Its Best

PERFECT POLLING TOOL

Utilise an intuitive design with 10 simple buttons to answer a variety of question types.

ENGAGE IN REAL-TIME

Ask questions in real-time polled through PowerPoint® or over any application.

VALUABLE QUESTIONS

Make multiple choice, matching, true/false and priority ranking questions interactive.

RELIABILITY YOU CAN SEE

Receive visual confirmation of response selected and received with indicators.

MADE TO LAST

Durable, rugged enclosure ensures maximum longevity and withstands heavy use.

AN IDEAL COMPANION

The small size and light weight design provides optimum portability.
